

A Hostel for the girl students pursuing higher education must necessarily be a home away from home in the sense it should cater to all their daily needs such as nutritious food, safe and comfortable stay and a conducive atmosphere for their studies.

An ideal Hostel must have in its daily agenda of its activities such programmes as offering facilities for learning and practicing Deeniat, arranging appropriate games to promote healthy growth of the students' physique, providing opportunities for their empowerment and social interaction with the students of all communities and making available to all, unlimited scope to build in themselves excellent character, exemplary behaviour and an enviable personality. When the students join their parents after the completion of their courses of study, the latter should find them as paragon of virtues, highly empowered and motivated with an in-built ability to shoulder the future responsibilities with courage and confidence.

It is with these avowed objectives, Aiman Women's College Hostel has been established and been functioning.

The Hostel provides to the inmates all facilities for having nutritious food in a clean atmosphere, comfortable stay with utmost security and other facilities for an all-round growth of both brain and brawn power.

Arrangements for five times prayer in the beautiful Mosque constructed adjoining to the Hostel and facilities for learning and recitation of Al-Qur'an are the features of special care for the Muslim students. Special care is bestowed for the Muslim students to observe Fasting in the Holy month of Ramadan.

Second and fourth Sunday of every month are earmarked for parents to visit their wards in the Hostel between 11 a.m. and 3 p.m.
